

OLD SCHWAMB MILL

Frame Order Form

Our expertise is unparalleled. The Old Schwamb Mill is now the country's only manufacturer of hand-turned museum-quality oval frames. We continue to use original 19th-century machinery and our custom-made frames can be found in noteworthy collections from Buckingham Palace to the White House. In an era of ever increasing prices for fine art, a Schwamb Mill frame —a future heirloom— can be purchased at a fraction of its true value.

1. Date _____
